BEACON 1977

Bettendorf High School, now in its fourth year at the new building, has no students that can "remember when" about the cramped quarters. In the last four years, BHS has learned to use its facilities to the limit. Gym classes provide numerous exciting courses, and the audio-visual system of the school is excellent. The landscaped courtyard is used for concerts by the talented Jazz Band, and students now use the modern teaching aids to their full extent.

In the four years each student is at BHS, he learns to appreciate and enjoy all it has to offer. The activities, athletics and academics provide a well rounded education. So with this first class to complete all four years under the new roof, we give pride in showing our high school and the way we use its many facets in 1977.
